Sheriff Seizes Device Paying Off Golf Balls

First of Kind Found
Outside Clubhouse
At Baden Links

First of its type to be found in the county, according to sheriff's officers, a slot machine which dispenses golf balls if the player is lucky, was seized Tuesday afternoon by Undersheriff Lawrence Nieri at the California Golf Club near Baden, he reported today.

Arrest of the person responsible for placing the machine at the golf course was expected to be made later today, Nieri said. He declared he had not as yet determined who was the owner of the machine, but intended to swear out a complaint in the district attorney's office today and follow it with an arrest.

The slot machine, in which 25-cent pieces are played, is similar to the regular "jack pot" device, according to Nieri, who while not showing the machine to newspaper reporters, declared it was being held as evidence. If the player is lucky, he gets a golf ball or two, otherwise his quarter is gone the way of money played in other machines by losers.

The machine taken yesterday was situated near the first hole of the golf course, the officer said. As a result, since it was not in the clubhouse, he doubts if the manager of the club can be held responsible for it.

Whoever is arrested for possession of the machine will appear before Justice of the Peace Wade H. Clay in South San Francisco. While some claim has been made that the machine is not illegal since they do not pay in money, the officer expressed belief the judge would hold that possession of the device was an infraction of the state law.

FINKLER LEFT \$56,309 WORTH OF HOLDINGS

Ethel Curran Estate
Appraisal Also
Put on File

Appraisals of estates left in San Mateo county, as reported to superior court today by H. C. Tuchs, revealed that:

1. Henry C. Finkler, former supreme court clerk who committed suicide on his estate near Redwood City November 18, 1930, left an estate valued at \$56,309.33.

2. Mrs. Ethel C. Curran, estranged wife of Ross Amber Curran, who died May 22 in Burlington, left an estate valued at \$124,826.36.

Finkler's estate consisted of \$13,059.33 in cash; the Redwood City property valued at \$39,980; other real estate valued at \$2,300; and personal property.

It was divided in equal shares to B. Grant Taylor, present clerk of the supreme court, and M. J. Purcell, San Francisco business man. Because of the bequests, Finkler's aged half sister, Miss Christine Finkler, and six San Francisco nieces and nephews contested the will, and secured a jury verdict voiding the document on the grounds that Finkler was of unsound mind when he made it. But former Superior Judge George H. Bate reversed the decision of the jury. The Finkler relatives appealed, and only recently did the appellate court uphold Judge Bate.

It was expected distribution of the property to Taylor and Purcell would be made in the near future, thus ending the five years' litigation over the estate.

Mrs. Curran's property consisted of \$15,067.86 in cash; real estate in Burlingame valued at \$25,000; personal property valued at \$1,758.50; and the remainder in stocks, including \$47,600 in Standard Oil stock; \$13,050 in Caterpillar Tractor Company stock; \$10,087.50 in General Foods Corp. stock, and other stocks.

Mrs. Curran left all the property to her son by a former marriage, George S. Postley of San Francisco, with the exception of bequests ranging from \$100 to \$1,500 to servants.

POPE STREET BRIDGE WINS COUNTY'S AID

SERA or PWA Funds
To Be Requested
By Supervisors

Replacement of the narrow and crumbling Pope street bridge in North Palo Alto was approved Monday by the San Mateo County Board of Supervisors when decision was reached to submit the project for SERA or PWA funds. The state of disrepair of the bridge was called to the board's attention by the North Palo Alto Residents' Association in a communication signed by Dorothy M. Hill as secretary.

Support of the project was sent by the San Mateo County Federation of Improvement Clubs and Associations in a letter signed by C. W. Bowman of Redwood City, recording secretary.

Supervisor John W. Poole reported that Supervisor C. P. Cooley has given his approval on behalf of Santa Clara county and that he also expects the city of Palo Alto will share in the project. San Mateo county's cost is estimated at \$50,000 and the federal participation at 45 per cent of the cost.

Supervisor Albert Witt Jr., Colma, put the motion for submitting the project to the SERA or PWA. Supervisor Poole seconded the motion.

Oakland Man Hurt As Car Overturns

BURLINGAME, June 26.—Dozing at the steering wheel of his machine last night, John W. Mitchell awoke to find himself headed into a marsh near the Bayshore highway in Burlingame, and veering, his car skidded and overturned, he told police today. Mitchell, who lives in Oakland, was cut about the head and hands and his machine was demolished, according to police reports.

GIRL AT PLAY RUN DOWN BY AUTOIST

Tree Saves Two From
Near Certain Death
On Skyline

One death and a score injured, some of them seriously, was San Mateo county's week-end toll of automobile accidents.

Struck by an automobile as she played in front of her home Saturday evening, Lena Veglia, 5-year-old daughter of Mr. and Mrs. Louis Veglia of 129 North El Dorado street, San Mateo, suffered fatal injuries from which she died in Mills Memorial Hospital.

Driver of the machine which hit the child was Richard Cross, 18, also of San Mateo. He told officers the girl ran in front of his car and he was unable to avoid striking her. He was not held.

Seven persons were hurt Sunday night about 10 o'clock when two machines crashed on El Camino Real near Tanforan race track.

Mrs. Allen Lagomarsino, 46, of 235 Irving street, Daly City, suffered a fractured skull. In the car with her were Marie Lagomarsino, 21; Sarah Kelly, San Bruno; Wesley Smith, 21, of 832 Twenty-fifth avenue, and Florence Gelpin, 46, of 1080 Annie street, San Francisco. All suffered cuts and bruises.

In the second car were Andrew Byrne, 49, of 582 Grove street, San Francisco, and his wife, Martha Byrne, 46. They were slightly injured.

CAR GOES OVER GRADE
Seven other persons were injured, one seriously, when a car driven by John Blonco, 1573 Innes avenue, went off Skyline boulevard, a mile south of Colman, Sunday and overturned.

Other persons injured were Maria Andriotti, 286 1/2 street, concussion of the brain, when a car driven by John Blonco, 1573 Innes avenue, went off Skyline boulevard, a mile south of Colman, Sunday and overturned.

Two San Francisco men owe their lives to a sturdy tree, half-way down a 200-foot embankment beside Skyline boulevard.

When their automobile early yesterday got out of control and plunged from the boulevard, half a mile north of Colma road, the tree stopped their headlong descent toward almost certain death.

Jerold Dunn, 31, of 35 Corona street, the driver of the car, He suffered scalp lacerations, cuts and bruises. His companion, Larry Burke, 23, of 2595 Thirty-second avenue, received cuts, bruises and possible fractured ribs. Both men were treated at Alameda Emergency Hospital.

SUFFER SECOND FRACTURE
Saturday evening when Joe McCauley, 2350 El Camino Real, Redwood City, while riding a motorcycle attempted to pass a truck in Palo Alto driven by B. A. Rasmussen of East Palo Alto, he crashed into the rear of the truck, the force of the impact hurling him into a field, according to police reports. There he found that for the second time in recent months he had fractured his left leg. The previous injury he incurred in an automobile accident.

Albert Rasmussen, owner of Auto Camp, Palo Alto, suffered a broken leg Saturday afternoon when he fell while getting into his car, which was parked on El Camino Real in Redwood City. After being treated by Drs. Mason and Monthall at the local emergency hospital, he was removed to the Community Hospital.

**\$10,000 Error in Bid
Confuses Council**

SAN MATEO, June 24.—After receipt of a telegram today from A. J. Tegit, contractor and low bidder on the \$65,550 plant and sludge features of the proposed \$143,000 San Mateo outfall sewer, stating that he had made an error of \$10,000 in his bid and wished to cancel it, the city council planned to hold special meetings this afternoon and tonight to decide on a course of action.

The council, it was expected, either would insist on Tegit's going through with his bid, seize his \$50,000 bond and sue him for the rest of the cost, or modify the specifications and award the contract to the lowest bidder.

Public Works Administration approval of Tegit's bid had just been received by the council, it was reported.

\$1 FINES ASSESSED
Fines of \$1 each for improper parking were assessed during the past week by Police Judge Edward I. McAuliffe on C. H. Leahy, Lena Clotter, Albert Muscio, W. L. Meussdorfer, Wallace Meehan, Arlo Castell and E. B. Stephenson. For driving with an overcovered front seat, Warren Strade also was fined \$1.

WITT, BEER THREATEN BLOWS DURING HEATED DEBATE ON EXPOSITION

Engaging in heated debate over the question of whether or not San Mateo county should immediately commit itself to a \$37,500 contribution on the \$2,000,000 San Francisco-San Mateo County Livestock Exposition project, Supervisors Albert Witt Jr., Colma, and Fred Beer, San Mateo, came near blows today.

Beer opposed the immediate commitment because of the feeling that the pledge was similar to one which the board had made in 1931 on the Sunnyvale airbase project and which only now is being met after the county had all but repudiated it.

Witt answered that the \$37,500 contribution was too small an amount to quibble over when the whole cost of the project is considered.

BEER ASKS DELAY
Beer failed to see the importance of acting immediately, and aroused Witt's ire when he said he opposed having resolutions "framed" without the knowledge of all members.

"Are you trying to intimidate that I am behind that resolution?" Witt shouted at Beer as he arose and faced the San Mateo chamber across the supervisors' chambers. "If you are, I'll say you're a liar!"

"You can't call me that!" Beer shouted in reply, also arising. "This is no place to call me that!"

Chairman Manuel Francis ruled both supervisors out of order and they took their seats with a parting shot from Beer, who said: "Get your seat-at-arms. You need him here!"

Beer's reference was to William McCarthy, publicity director, who sometime ago was appointed to keep order at the board meetings.

Francis and Supervisors Walter High, Burlingame, and John Poole, Redwood City, supported Beer's contention that too much haste should not be made in committing the county to the \$37,500 contribution until additional time is taken to study the request.

Chairman Francis then named the whole board to sit as a body to study the livestock proposal and decide what should be done about the \$37,500.

The resolution supported by Witt also proposed the appointment of an unnamed San Mateo county architect to be consultant on the project and that Witt be named as the board's representative in negotiations.

Townsend Clubs Elect Pendleton Committeeman

The Rev. Norman W. Pendleton of Redwood City was elected one of seven members of a committee at large to take charge of district organization work, at the congressional district convention of Townsend clubs held in San Jose Monday night.

The Rev. Pendleton, who was a delegate to the convention from the local Townsend Club, received the highest vote of the seven committeemen.

In addition to taking charge of the organization work in the district, the committee will name a delegate to the state convention to be held in Sacramento later in the year.

Attending the San Jose convention from Redwood City in addition to the Rev. Pendleton, were H. B. Stryker, president of the local Townsend Club No. 1; Mr. and Mrs. W. J. Sterling, Mr. and Mrs. H. W. Duncan, W. D. Keith and J. F. Furnival.

SAN MATEO, June 26.—At the Bay City Peace Officers' monthly meeting tomorrow at Coyote Point near San Mateo, more than 150 officers, including General John Breckenridge, marine corps chief, James P. Holohan, warden of San Quentin prison; Court Smith, Folsom warden, and Chief of Police William Quinn of San Francisco will participate in swimming and golfing. Ordinarily patrolmen, who ride in pairs at night in a radio-equipped machine, have patrolled only until 2 a. m., but henceforth on Friday, Saturday and Sunday they will be on duty throughout the night. Over the July 4th holiday, a continuous patrol will be in effect from Thursday to Monday.

VETERANS RETURN FROM CONVENTION

V. F. W. of Daly City
Receive Historian
Work Honor

Six local Veterans of Foreign Wars who attended the encampment last week at Bakersfield were back at their homes today.

At the convention, B. F. Nichols of Los Angeles was elected department commander; Edna Paxman of Stockton was chosen president of the women's auxiliary, and San Bernardino was named the 1936 convention city.

Among the other officers named by the auxiliary was Joseph Walsh of Palo Alto, flag bearer.

Award winners included Daly City for historian's work.

The several thousand delegates shouted their approval of a resolution asking immediate payment of the soldiers' bonus and endorsing "the fight now being made on behalf of immediate payment of the balance due on the adjusted service certificates."

The veterans also adopted a resolution asking a federal appropriation for construction of a dam in Rector Canyon to provide an adequate water supply for the Napa State Hospital, the veterans home at Yountville and the state pheasant farm. The project would cost \$1,000,000.

The importation of American flags manufactured in Japan was condemned in another resolution and the use of the flag in advertising commercial products was criticized.

Attending from here were Harold E. Crowe, local commander; Harry J. Ellen, junior vice commander; Donald E. Sevier, past commander; Walter F. Hermann, service officer; David Borg and Corbett Lockhart.

HUDDART ESTATE TO REMAIN PARK

Public Picnic Ground
Will Be Created
At Woodside

The 967 acres of natural woodland near Woodside bequeathed to San Francisco by James M. Huddart, will not be converted into a recreational camp area, as proposed by various petitioners.

This was announced today by Mayor Rossi, following receipt of a protest letter from Albert L. Baker, partner of Huddart and executor of the Huddart estate.

Baker pointed out published reports stating a move was on foot to make the Huddart Park a public camping ground similar to Camp Mather, under jurisdiction of the recreation commission, were "very disturbing" to him and to heirs of James Huddart.

"It was the great area of woodland and wish that the great area of woodland should be kept in its natural state, with as little disturbance and destruction to the trees, shrubbery, wild flowers and wild life as possible," it was stated.

Alfred J. Cleary, chief administrative officer, has arranged for a trip to survey the property. In the party will be Mayor Rossi, Herbert Fleishacker, president of the Park Commission; John McLaren, superintendent of Golden Gate Park; City Engineer John J. Casey; W. H. Worden, director of public works, and Cleary.

"The wishes of Mr. Huddart will be carried out," said Cleary. "It seems best to make the park a public picnicking ground under strict regulations."

FRAZER HEIRS MAY BE KNOWN SEPTEMBER 23

Hearing to Determine
Heirship Delayed
Once Again

To allow attorneys more time to obtain depositions from the 40 or so people claiming to be heirs of the late James Frazer, Palo Alto merchant whose \$400,000 estate is now being settled, Superior Judge Maxwell McNutt Tuesday for the third time granted postponement of the hearing to determine heirship. The matter will be taken up in court again on September 3.

An unsuccessful attempt was made in court today by Attorney C. E. Wooster of San Jose to have Judge McNutt deny consideration of 11 people who recently, through Attorney Edmund Scott, filed "notices of appearance." But the jurist ruled that anyone could file claims on the estate until such time as it finally is settled.

Several more "heirs" will be produced before the estate is disposed of, it is expected.

With the continuance today, the determination of who actually were brothers and sisters of the late merchant was likewise postponed. When Attorney Scott submitted his list of 11 heirs who claim about eight-ninths of the estate, he submitted a list of 10 people who he says were brothers and sisters of Frazer, who died in San Mateo last September and whose will, if he left one, has never been found. The 11 "heirs" are children of the 10 "brothers and sisters."

But Attorney Wooster had previously filed a list of seven people he claims formed Frazer's family. And Wooster substantiated his claim with two 53-year-old letters which were purportedly written by Frazer while he was still a struggling young merchant in London. The letters were written to Martha Frazer in Ireland, supposedly his sister, seeking a \$250 loan to expand his business. Apparently the loan was not obtained, but the letters have introduced the letters as evidence to support their claims that they are descendants of the late merchant and thereby should share in his estate.

If Judge McNutt rules the letters were written by James Frazer the merchant, it may disclose why Frazer had little to do with his family, for in the second letter which renewed the appeal for the loan, he wrote: "Unless you answer this letter in some way or other I will cease correspondence altogether." His first letter asking the "favours" apparently had gone unanswered.

Attorney Scott is undaunted by the letters, however, and believes he can show they were not written by James Frazer the merchant of Palo Alto before he migrated to this country and built up a small fortune. On just what grounds Scott, former district attorney, bases his belief, he naturally does not disclose.

Ireland, it was reported here, has been literally combed for people by the name of Frazer by organizations whose business it is to produce heirs.

Her mother, Mrs. Ada Ricci, also survives, as do three brothers and a sister: Richard, Louis and George Ricci and Mrs. Laura Ducey.

Funeral services will be held at the Laying & Tinney Funeral Home at 2 p. m. Wednesday, with the Rev. Norman W. Pendleton in charge. Cremation will follow at Cypress Lawn Cemetery.

Bov Follows Father To County Hospital

Not that it's "like father, like son," or anything, but anyhow 12-year-old Edwin Galvestine of Palo Alto today was with his father in the Community Hospital.

Saturday night the boy's father, Albert Galvestine of Palo Alto, fell from the running board of an automobile in Redwood City. He broke his right leg.

The boy wanted to visit him in the hospital. Knowing his father was fond of cherries, he went into the yard to pick some to take with him. While climbing a tree, he fell and broke his left arm.

At the hospital, he was placed in a ward near his father.

Gas Tax Levy Won by Cities Hinders State

Highway Bureau Must
Re-submit Budget
For Revision

OTHERS SUFFER

Half Moon Bay Link
May Be Affected
By Fund Loss

Fear that reallocation of state gasoline tax funds to cities, taking some \$6,000,000 in the next two years from state road funds, might imperil chances of securing widening of El Camino Real through Redwood City and south to the county line was expressed here today by L. B. Lundborg of San Francisco, district manager of the California State Chamber of Commerce.

Lundborg was calling on Roscoe D. Wyatt, Redwood City Chamber of Commerce secretary-manager; William McCarthy, county publicity director; Sheriff and Acting Executive James McGrath, and other city and county officials.

Transfer of the funds has made it necessary for the state highway department to rewrite and resubmit its entire budget. While funds for this work had not been provided for in the next biennial budget, belief had been expressed by state officials that sufficient funds would be left over to care for the widening project.

OTHERS MAY SUFFER
Other projects likewise may suffer, Lundborg believes. Among these are the completion of the San Mateo-Half Moon Bay highway, which had been in the budget for some time. Joseph Serra to form a fourth lateral through the county to San Francisco, and numerous feeder road projects and grade separations.

The state chamber, however, will continue to urge that these projects be completed by the state, Lundborg said. They have been approved by the chamber's highway committee and the central county council, and will be pushed forward as rapidly as possible.

HAND LABOR FAVORED
Lundborg said that Controller Ray L. Riley had informed the chamber that although \$15,000,000 in federal funds had been allocated to California for road work, requirements that much of this work be done by hand probably would not allow the money to go as far as it was at first expected.

Efforts to secure agreements between the state and county districts regarding the route of the coastside highway likewise are being made by the state chamber, according to Lundborg.

They all have high vitamin content—these cool cucumbers, rosy tomatoes, crisp Romaine, spring onions, ruby radishes, and the rest. But even if they had no special health-giving qualities, they still would be among the choicest of summer delicacies.

These vegetables are at their best when served simply in a salad with lettuce and a generous helping of real mayonnaise. And if you like a change in flavor from time to time, try some of these palatable variations of real mayonnaise, that give fruit and vegetable salads a piquancy and added interest.

Engineer Urges Hetchy Tie-In For Palo Alto

PALO ALTO, June 27 — J. F. Byxbee, city engineer, has submitted a report based on his studies of the city water problem, recommending that a transmission main be constructed to connect the city water system with the Hetch-Hetchy pipe line near Dunbar Point, possibly with federal aid.

At the same time his report recommends that transition from the city well supply to San Francisco water be made "rather slowly so as not to cause serious water rate increases."

A third recommendation proposed that further negotiations be conducted with Stanford University regarding purchase of part of the city's supply from the proposed San Francisco creek reservoir near Searsville Lake "if the university proceeds to construct the dam as planned."

Sponsor Sought For Pet Parade Here Next Year

An invitation to any organization to sponsor the parade of the annual pet show staged here each year by the Humane Society was extended when the organization met Tuesday afternoon.

It was also decided that there should be three prizes in the parade next year, a first, second and third for the best floats. It was revealed there was but little cost in staging the parade because of cooperation furnished by City Gardener Hopkins, County Fire Warden Werder and others.

The purpose of the meeting was to devise ways and means of staging a better parade and show next year. Among other suggestions was one that all school children should be in the line of march next year, with unit leaders, and at the head of the parade, thus assuring their safety.

Present at the meeting, over which Mrs. J. E. Ryan presided, were Edward T. Harrison, Roscoe D. Wyatt, Sam Winklebleck, Perry Bygones, Dr. W. H. Taylor, J. D. Hedge and Henry Witte.

PLANS APPROVED FOR PLANE BASE

Increase of Aircraft At San Diego Forces Move to Moffett

Plans for using Moffett field for squadrons of the Ranger, Saratoga and Lexington have been approved, according to an announcement made in San Diego by Henry V. Butler, commander of aircraft U. S. navy battle force. Commanders of the latter part of the plan last week on a visit to Moffett field.

Squadrons from the Saratoga will base at Moffett field the latter part of July, it was said. The Lexington will send squadrons early in August and the Ranger in the latter part of August. The squadrons from the airplane carriers will remain based at the station for a week or 10 days.

All of these units, however, will return to San Diego for August 23 when a spectacular air review of 36 squadrons of 400 planes will fly over the city. The air review was announced also by Commander Butler, coincident with an announcement of a fleet review by Admiral J. M. Reeves, commander-in-chief of the United States fleet.

According to Butler's statement an increase of new units of aircraft at San Diego, and corresponding crowding of airplanes for tactical and gunnery maneuvers, made the Moffett field shift necessary.

Warning Issued Relief Cases Must Take Jobs Given

A warning that relief will be discontinued to any cases who are given an opportunity and refuse to work in private industry was sounded today by Capt. L. G. McAloney, director of the San Mateo County Emergency Relief Administration.

"It has always been the policy of the relief administration in San Mateo county to encourage persons on our relief rolls to accept either temporary or permanent outside employment, stated Captain McAloney.

"Should the employment prove temporary, it is not difficult for the clients to return to the relief rolls. It only requires that they get in touch with their social worker and she will certify as to their eligibility for continued relief, and they will again be placed on our work relief program.

"If clients who are furnished with an opportunity in private industry to earn the amount of their budget requirements, as determined by the SERRA, and do not accept this work, relief is discontinued. The outside employment should not involve their working for more than a reasonable number of hours weekly or

With many of his friends in attendance, final tribute was paid Albert H. Michael this morning when funeral rites were held at the Layng and Tinney Funeral Home, with the Rev. Norman W. Pendleton in charge. Interment followed at Cypress Lawn Cemetery.

Memorial Park Road Land to Be Sought

Condemnation of rights of way for the Pescadero-Memorial Park road had been ordered by the San Mateo County Board of Supervisors today.

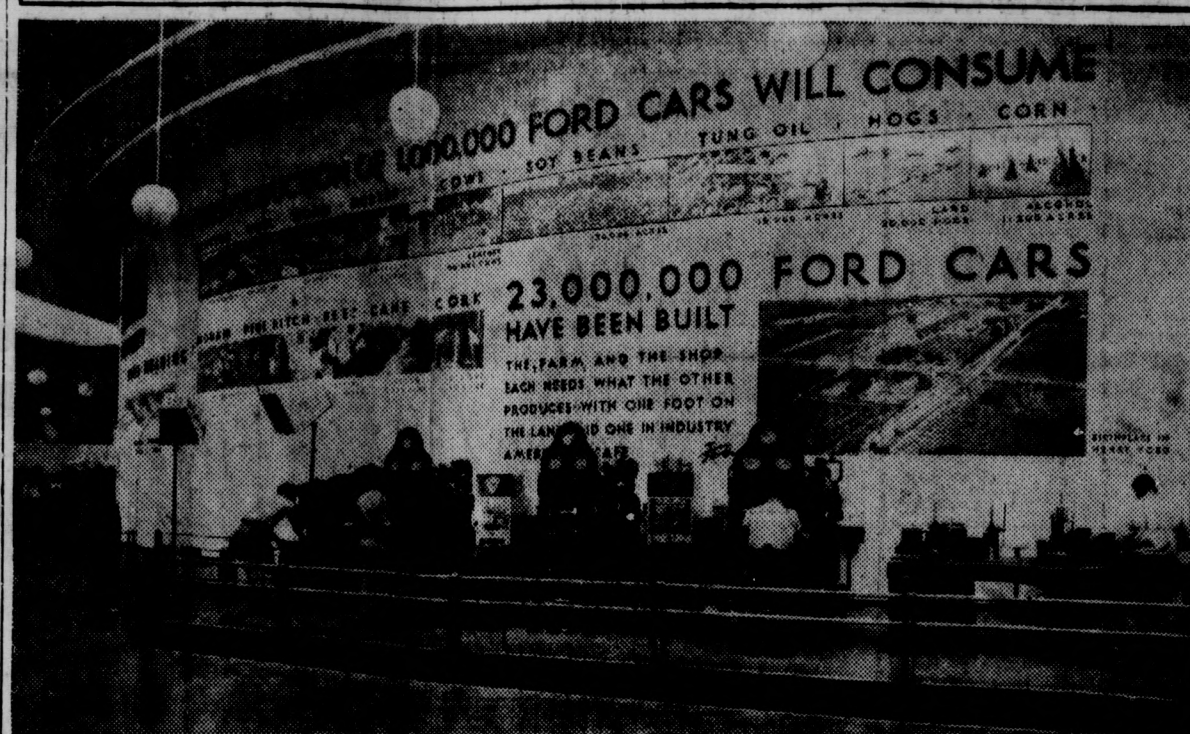

The board referred a request for repairs on Middle avenue, Menlo Park, to County Engineer Carl Scott for a report.

Deeds from Roger Lapham and Selah Chamberlain for the Woodside road widening were accepted.

Cleaning up of grass on the banks of San Francisco creek to protect recently-planted shrubbery was approved under SERA labor.

Car of Tomorrow will be Grown, says Ford

Henry Ford believes that a great share of the materials for the automobile of tomorrow will be grown, not mined, as today. This industrialized Farm Exhibit at the Ford Exposition, San Diego, shows the close relation between farm and shop. For some time extensive research along these lines has been sponsored by the Ford Motor Company.

During 1935, the farmer will work to help supply materials for one million cars. Three million, two hundred thousand pounds of wool, requiring 800,000 sheep to produce it, is but one item in the long string that includes wood, linseed oil, hogs, cattle, hides, corn, castor oil, soy beans, molasses, cotton and many other products.

Belmont to Stop Living in Tents During Building

BELMONT, June 25.—Belmont City Council last evening introduced a resolution that will regulate the building ordinance.

The resolution provides people cannot live in garages or other "make-shift" dwellings during the construction of their home. A complaint was made to the council relative to people building in Belle Mont that have been living in tents during construction of the dwellings. Another complaint was registered with the council recently about Chinese gardeners storing tools in temporary sheds on El Camino Real.

Residents are only allowed to live in temporary quarters providing they are issued a temporary permit by the council.

In violation of the new ordinance a \$300 fine or imprisonment may be imposed.

The national bureau of standards has issued a new circular which tells the standard time in various countries throughout the world as compared with the time in American cities.

Coast Pioneer's Memory Honored In School Book

Dedicated to the memory of the late Josiah C. Williamson, scholar, merchant and first president of the Pescadero high school board of trustees, an attractive year book has been published by students of the coastside school for the 1935 graduating class of 15 seniors.

The book, which has as its decorative theme the sea and related subjects, is hand finished with several beautiful linoleum block cuts

throughout.

Unlike the average school annual, the Pescadero year book, entitled "Carnelian and Blue '35," devotes its pages to the task of fine bookmaking rather than the usual banter and nonsense.

It is entirely hand made except for parts of the cover, and is finished in turquoise blue with a silver lighthouse etched thereon. Decorative illustrations are hand printed from carved blocks.

Photographs taken by the students picture the activities for the past year.

A poem in memory of Williamson, who was the "father of the Pescadero school," appears on the introductory pages. It pays tribute

to the late Pescadero pioneer, who headed the board of trustees from 1921 to 1935. The poem is signed "E. F. W."

Other poems appear by the same author, one dedicated to Williamson on his 84th birthday anniversary, another to the memory of Judge A. W. Woodhams, and a third to the graduating class.

Members of the class were Chester Barker, Marjorie Blomquist, Joseph Dias, Filbert Duarte, Frederick Enos, Claude Jaehna, Yoshio Kato, George Nolley, Akira Oka, Lewis Pengilly, Elmer Quadro, Irene Roberti, Dullinda Marie Souza, Joseph Tachiki and Henry Thomas.

The faculty is composed of E. F.

Eight-Year-Old Boy Is Called by Death

PALO ALTO, June 24 (Special)—Following an illness of one week, son of Mr. and Mrs. L. B. Hoss of 2315 University avenue, East Palo Alto, died in the hospital here.

Funeral services were held at 10:30 o'clock today at the Roller and Haggood funeral parlors. Burial took place in Alta Mesa.

The boy was an only child. Williams, principal; Miss Susan Jane Sheridan, dean of girls, and Miss Mildred Kathleen Dean.

Aged Check Passer Is Granted Probation

Saved from a life sentence by a judge's mercy, Harry S. Keitt, 70-year-old San Mateo man who passed

worthless checks, today started on the last 12 days of a two-month sentence imposed on him by Superior Judge A. R. Cotton. In sentencing Keitt to serve 60 days in jail, Judge Cotton put him on two years' probation. The ficti-

tious check writer, who had been booked at the county jail May 10, was allowed credit for time served. He had pleaded guilty to the charge. Because he had had several prior convictions, had been sentenced again to prison he

would automatically have been under a life sentence. Keitt, who tried to commit suicide while in jail, explained his crime by saying he had a "mania" for passing worthless checks.

ELECTION, PICNIC ARE HELD BY CLUB

North Fair Oaks Body Sets July 5 As Date Of Installation

With election of officers and a successful picnic in Memorial Park having been held, members of the North Fair Oaks Improvement Club were making plans today for installation Friday, July 5.

New officers of the club, elected Friday night, are Andrew Brown, president; R. E. Ralston, vice president; Sterling Reynolds, treasurer, and Arthur Teague, sergeant-at-arms. Charles DeLacy was re-elected secretary. The board of directors consisting of Mrs. Cora Esterberg, Mrs. Ward Tucker and Mrs. Minnie Faustick was re-elected.

Sunday's picnic was attended by nearly 300 members and friends of the club, it was estimated. Races and games occupied the day. Charles Meinert was chairman of the day.

Bathing suits with style are not new. But when they have style, utility and comfort it is a story worth telling. These pretty bathers are wearing the latest models being shown by Montgomery Ward. At the left, a one piece suit with solid color trunks and striped top, featuring the cord neck and sun back. The suit at the right strikes a more conservative note, but is nevertheless stylish with the buttons running diagonally across the front. Wards are also featuring the large beach umbrella and reclining chair shown in the photo.

The most elaborate gold vaults in the world are those of the Bank of France. They are protected by 50 feet of solid rock and a subterranean lake 200 feet below the surface of the streets.

Identity Learned Of Youth in Crash

Identification of the youth who drove an assertedly stolen machine into a telephone pole at Atherton a week ago, critically injuring himself and demolishing the car, has been made by his foster mother, Mrs. LaVerne Tibbits of San Francisco. The youth, she said, was Charles Spellman, 22, of 665 Eddy street, San Francisco.

Mrs. Tibbits made the identification at Community Hospital, San Mateo. She had been summoned when Spellman, in a semi-conscious condition, muttered a telephone number, the calling of which resulted in the contact with Mrs. Tibbits.

Spellman, who shortly after being taken to the hospital mumbled his name then lapsed into unconsciousness again, will be held in connection with the taking of the automobile from a San Francisco private garage, according to police.
